

Adelina's English Bulldogs Contract

Welcome

The purpose of this agreement is to outline the cost, delivery, and guarantee agreement concerning the purchase of an Adelina's Bulldog Puppy. At Adelina's Bulldogs we make every effort to provide our customers with a healthy puppy.

Return Policy

We guarantee that all vaccinations and worming are up-to-date, there is a shot record and a Veterinarian certification is included with the puppy. When you receive the puppy you have forty-eight (48) hours to have the puppy examined by a licensed Veterinarian. If the puppy should arrive on a weekend or holiday, you have an extra twenty-four (24) hours. If upon Veterinarian examination, the puppy is to be found to have a life threatening illness or congenital defect, the breeder must be contacted and legal proof from a licensed Veterinarian of the defect must be faxed to the breeder's Vet. [Dr. Daniel Pierce; Glenwood Pet Hospital. Fax: (814) 864-8721]. The puppy must be returned at the buyer's expense and a replacement puppy will be given as soon as one is available (the shipment of the replacement puppy is at the buyer's expense). If the puppy has not visited a licensed Veterinarian within forty-eight (48) hours, the contract is null and void. ***There will be no cash or credit refunds. We offer replacement puppies only. A replacement puppy will be mutually agreed upon by both parties and be on comparable bloodlines. It is understood that the replacement puppy may not be from the exact parents of the original puppy. However, it is our desire to please, and we will work with our buyers, to ensure satisfaction. Our puppies are sold as PET QUALITY puppies. We do not guarantee your puppy to be able to sire or whelp puppies.***

Have your pet checked regularly for heartworms. Use a good de-wormer that is recommended by your vet on a regular basis. Use a good flea protection program. Please Be aware that vaccinations sometimes fail for various reasons, and a dog does not develop full immunity to some diseases until they are a full year old and have had all their puppy shots, including a booster at the age of 1 year. If you are not willing or able to make sure that your puppy gets ALL of his scheduled vaccines and boosters, please do not purchase a puppy.

All vet charges incurred by the purchaser are the sole responsibility of the purchaser and will under no circumstances be paid by us!

Congenital Illnesses

This puppy is guaranteed for six (6) months against fatal and life altering congenital disease, which adversely affects the health of the animal. This includes, but is not limited to heart, pancreas and liver problems. If the dog dies within the six (6) month time frame, the buyer pays to have a necropsy done to decipher the problem. If the puppy is born with a fatal illness, Adelina's Bulldogs will replace the puppy.

Please understand the proper way to care for an English Bulldog before purchase. If you do not understand the needs of this breed, ask. We will not be responsible for any issues related to skin issues or improper feeding of your dog. Dogs must be fed high quality grain-free dog food or the BARF diet. Coconut oil and Bragg's Apple Cider Vinegar is very good for the skin.
